

*Educating, engaging and advocating within the iMIS community*

### WHY JOIN NiUG Asia Pacific

NiUG Asia Pacific (NiUG AP) is the local chapter of NiUG International – an independent, not-for-profit user group for iMIS, dedicated to ensuring organisations get the most out of their investment in iMIS, in the technology and the staff they employ to administer and utilise it. By providing a range of benefits that enable members to connect in person and online, a thriving community exists where iMIS users can leverage the knowledge and experience of other NiUG AP members to advance their own iMIS skills as well as their organisations' use of iMIS.

Joining NiUG AP is beneficial on a company and individual level. Any organisation that has an interest in optimising their use of iMIS and encouraging staff to extend their iMIS knowledge should join the NiUG AP community.

### WHAT ARE THE BENEFITS
